Recognition Journey

The Recognition Ceremony is an opportunity to formally acknowledge the academic and professional achievements of paid St John operational and support staff.

3 yrs

Promotion to Paramedic Certificate

To receive a Paramedic Graduation Certificate, an individual is required to have completed all components of a Bachelor of Paramedicine degree by a recognised university. Graduates receiving certificates will have already undertaken employment with St John as Ambulance Officers.

They work a fulltime shift pattern alongside completing their university degree, also undertaken on a fulltime basis. On graduation, graduates must apply to the Australian Health Practitioner Regulation Agency (AHPRA) to register as a Paramedic prior to being employed by St John WA.

Paid Length of Service Awards

The Service Recognition Awards program commenced in February 2008 and provides St John WA with an opportunity to recognise and thank employees who have given many years of service to the organisation.

Paid staff members receive an award for every five years of service (up to 45 years) .

National Medal and Clasps

The National Medal is an Australian Honours length of service award that recognises long and diligent service by members of a “recognised organisation” who risk their lives or safety to protect or assist the community in enforcement of the law or in times of emergency or natural disaster.

The National Medal is awarded after 15 years of eligible service and then Clasps are awarded for every 10 years of service thereafter at 25, 35 and 45 years of service.

Thank you for your dedication
and commitment to St John WA
and the WA Community
